NEW
ENYO 105 HEAT

3Y131
size run 220-275
skier type Advanced
color Silver/Green/Black
shell PU
cuff Polyolefine
flex 105
weight (1 boot) 1495g

For advanced skiers, the ENYO 105 offers the perfect fusion of performance flex and next-level materials. It delivers top-level skiing performance while remaining remarkably lightweight.

- Adaptability with C3 Technology: Tailor the calf volume to your liking
- Best material within lineup (PU) for more power transfer and longer optional flex-life.
- Customizable Inner Boot: Achieve the perfect fit within minutes.
- Integrated Heating (Optional): Experience comfort like never before. With the ENYO 105, you no longer need to compromise. Step up your game and experience skiing at its finest.

ENYO Ski boots offer the perfect blend of technology, comfort, and performance. Make your next skiing season unforgettable!

3Y121
size run 220-275
skier type Advanced
color Anthracite/Silver/Black
shell Polyolefine
cuff Polyolefine
flex 95
weight (1 boot) 1461g

Designed for intermediate to advanced recreational skiers, the ENYO 95 combines comfort, precision, and power. It offers:

- Adaptability with C3 Technology: Tailor the calf volume to your liking.
- Higher Flex for Unbeatable Performance: Conquer any terrain with ease.
- Customizable Inner Boot: Achieve the perfect fit within minutes.

Elevate your skiing experience with the ENYO 95. It's more than just a ski boot, it's your key to unlocking new adventures.
