Rottefella Performance - new bindings for the new Rottefella Adaptive Plate

Rottefella is excited to launch two new bindings in the performance segment, designed to fit the innovative Rottefella Adaptive Plate and the IFP plate.

Our new performance bindings are incredibly user-friendly, featuring a step-in function that allows you to easily step into the binding without bending down. The new and improved handle makes it effortless to step out of the binding. The best part of it all; the MOVE mechanic is now compact and integrated.

Skate X Move Pro RAP
